

Cell Name: Ecology at Home

Session Length: 45 Minutes

Through this session, you will:

Explain:

- Definition of ecology
- Implementing ecology

Demonstrate Examples of Ecology

- Home
- Summer camp
- Community/ non-environmental

Guide:

- Takeaway challenge

Enable:

- Use ecology and conservation at home community
- Enable participants to understand conservation and ecology

Learning Outcomes: [create a brief list of what participants should take away with them]

- Bring ecology to home lodge

Theme Connection:

The theme of NOAC 2018 is “Decide Your Destiny,” emphasizing the message that today’s decisions shape tomorrow’s reality. This session will relay this theme in the following ways:

- Deciding what kind of planet you want to leave for future generations.

This session will help the Lodge, Chapter with the Journey to Excellence Requirement(s): #9

NOAC 2018 TRAINING COMMITTEE
ORDER OF THE ARROW

- Projector
- Screen
- Electric power cable
- HDMI Connecting cable
- Power source
- Lzer pointer

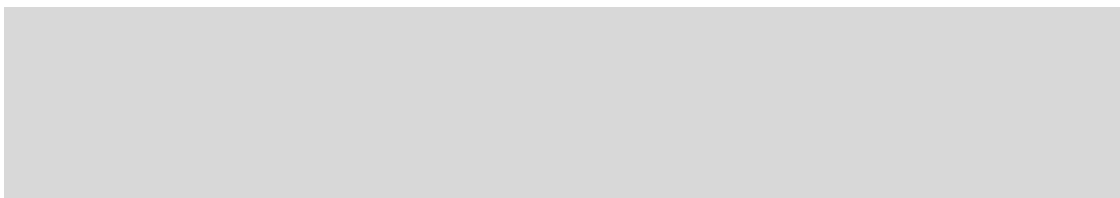

Replace this text with a comprehensive list of steps a trainer needs to take before presenting this session, e.g. if the session calls for trainers to develop particular examples from their own experience, if there are handouts to be duplicated or flipcharts to prepare ahead of time, PowerPoint presentations to update...

- Brainstorm

[The body of your session should be here. Be sure to use headings that break up the different topics or part of the session, and adjust the recommended time for each part after you've written it]

**Introduction****2 minutes**

Good Morning! Is everyone having fun at NOAC? My name is Silas Cochran. I am the Lodge Chief for Tkaen DoD 30 From section NE3A...

Definition of sustainability**10 minutes**

- Types of Ecology
- What is Conversation in the home

Examples of Sustainability**10 minutes**

- NIMBY not in my backyard there is no such thing as a free lunch
- Water use
- Reuse, reduce, recycle
- Net 0

Video about a clip conservative home**5 minutes**

- Less than 5 min

Takeaway Challenge**10 minutes**

- Take a few moments to find one item you use on a regular basis that you can find a reusable alternative. (examples: plastic water bottles, paper plates, non rechargeable batteries, grocery bags exc.
- Still brainstorming for another idea having a hands on activity with biogas will take alot. and doesn't really fit.

[Insert materials as appropriate, for example:]
