NATIONAL ORDER OF THE ARROW
OCEAN ADVENTURE
Florida Sea Base – Islamorada, Florida

“The Order of the Arrow is a thing of the outdoors rather than the indoors. It was born in an island wilderness. It needs the sun and rain, the woods and plains, the waters and the starlit sky.”

-E. Urner Goodman

ABOUT THE PROGRAM

The Order of the Arrow, in cooperation with the Florida Sea Base is offering you an opportunity to cheerfully serve the greatest ecosystem on our planet; the ocean. Under the direction of the National Marine Sanctuary and the National Oceanic and Atmospheric Administration (NOAA), experienced Florida Sea Base staff with strong Order of the Arrow backgrounds will lead participants on a two week scuba diving adventure in the beautiful waters of the Florida Keys.

The program is a 13 day experience in which participants will have the opportunity to explore and serve the undersea world. One-half of the Ocean Adventure program will be PADI SCUBA training and certification, which will be held at the Florida Sea Base. The remaining portion of the program will focus on rendering cheerful service to the ocean marine life and coral reefs of the Florida Keys.

PADI SCUBA certification requires a significant amount of independent study, which will need to be completed prior to arrival at the Florida Sea Base. The service will consist of a variety of projects, as defined by the National Marine Sanctuary and NOAA, some of which will be underwater cleaning or monitoring projects. In addition to SCUBA certification and undersea service, participants will strengthen leadership skills, learn more about marine environments, strengthen understanding of the Order of the Arrow, and explore the history of the beautiful Florida Keys.

RISK ADVISORY – FLORIDA SEA BASE

The Florida Sea Base has had an excellent health and safety record from its inception in 1980. The Sea Base strives to minimize risks to participants and adult leaders through emphasizing proper safety precautions. Most Sea Base participants do not experience injury during their adventure precisely because they are aware of the risks involved and because they exercise proper safety precautions. To attend the Sea Base you should be physically fit, have proper clothing and equipment, be willing to follow the instructions of your staff members, work as a team and take responsibility for your own health and safety. By studying the itinerary for your specific program and the *Guide to Safe Scouting*, a crew can be properly prepared for the contingencies that may arise during their adventure.

Parents, guardians, adult leaders, and participants in Sea Base programs are advised that Sea Base programs and journeying to and from the Sea Base can involve exposure to accidents, illness, and/or injury associated with a physically demanding high adventure program conducted in a sometimes hostile aquatic environment. Participants may be exposed to severe weather conditions such as high heat and humidity, tropical storms, and intense tropic sun. Other possibilities include sunburn, heat exhaustion, and heat stroke, dehydration, asthma, and heart attacks. For participants in the SCUBA programs please read, study, and review the special medical constraints.

Sea creatures such as rays, anemones, sea urchins, coral, barracuda, and sharks, pose little or no threat if safe distances and respect are given them. Be aware that Sea Base has a no-touch/ no-take policy with regard to the coral and creatures of the reef.

The Florida Sea Base is dedicated to the mission of serving young people in a safe, educational, enjoyable, aquatic environment. We are trained for emergencies and able to act in an expedient manner. Furthermore, professional medical services such as hospitals and physician's offices are a short distance from Sea Base programs and the Sea Base maintains a fine working agreement with these facilities.

WEIGHT GUIDELINES FOR HIGH ADVENTURE ACTIVITIES

Any participant or adviser who exceeds the maximum weight limits on the weight chart may want to reconsider participation in a Sea Base high adventure program. Anyone who exceeds these limits is at extreme risk for health problems. Participants who fall within the guidelines are more likely to have an enjoyable program and avoid incurring health risks. **The absolute weight limit for our programs is 300 pounds.**

The right hand column shows the **maximum recommended weight** for participating in a Sea Base high adventure program. Anyone who exceeds these limits is at extreme risk for health problems.
